Module 4

Here's What We  
Will Be Learning  
in this  
Presentation:

# Summary

- ❑ Some common sub-industries in the film industry.
- ❑ Exercises.

# Vocabulary

**Seamless:** with no spaces or pauses between one part and the next.

**Expedient:** an action that is useful or necessary for a particular purpose, but not always fair or right. (For example: The disease was controlled by the simple expedient of not allowing anyone to leave the city.)

**Afloat:** (of a business, etc.) having enough money to pay debts; able to survive.

**Turn your nose up (idiom):** to not accept something because you do not think it is good enough for you. (For example: They turned their noses up at the only hotel that was available.)

**Symbiotic:** used to describe a relationship between people, companies, etc. that is to the advantage of both.
