

# Organic Living

B2-C1

Module 6

Here's What We  
Will Be Learning  
in this  
Presentation:

# Summary

- ❑ Concept of Organic Products.
- ❑ Some Steps to Take for an Organic Lifestyle.
- ❑ Exercise.

# Vocabulary

**Greenhouse Gas:** A greenhouse gas is any gaseous compound in the atmosphere which is capable of absorbing infrared radiation, thereby trapping and holding heat in the atmosphere. By increasing the heat in the atmosphere, greenhouse gases are responsible for the greenhouse effect, which ultimately leads to global warming.

**To Source Something From:** A person or thing from which something comes into being or is derived or obtained. (In this context) to obtain from.

**Supplement:** something that completes or enhances something else when added to it.

**In the Face Of:** when confronted with.

**Produce:** (In this context) things that have been produced or grown, especially by farming.
