What is global warming?

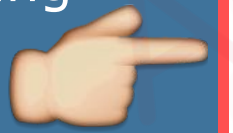
Global Warming

A1 – A2

Module 9

© Albert-Learning

Here's What We Will Be Learning in this Presentation:

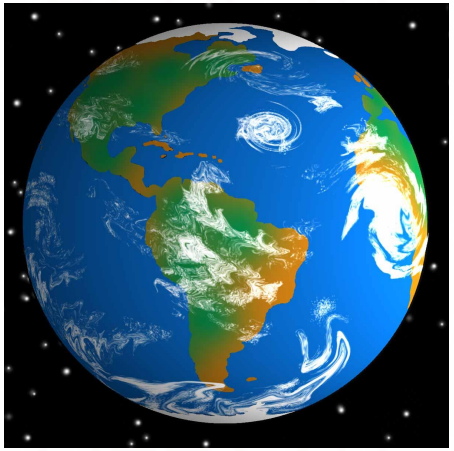


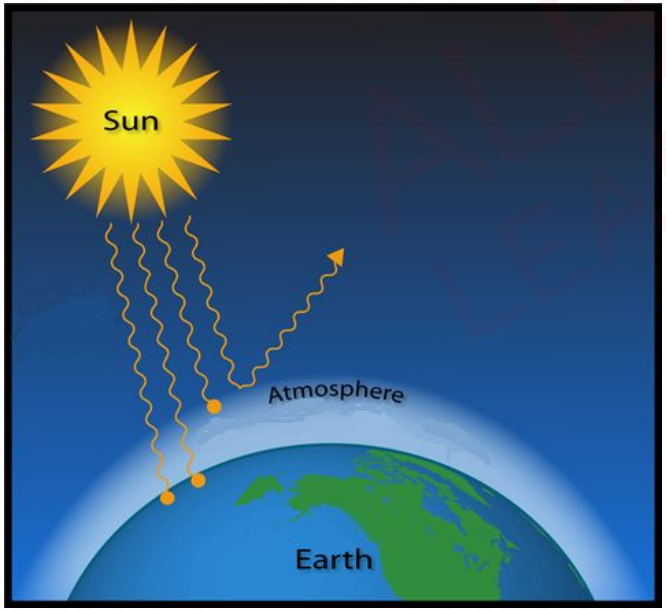
Summary

- Let us learn about the meaning of global warming.
- Exercises.

© Albert-Learning

The Earth is covered with a large blanket of gases (that we cannot see) called the **atmosphere**.





When the sun's heat comes close to the atmosphere, it **passes through the atmosphere** to the Earth.
