# Past Perfect Tense

The **Past Perfect Tense** indicates an action that was completed at some point in the past before something else happened.

**Use 1:** We usually use the Past Perfect to make it clear which action happened first. This is often used to explain or give a reason for something in the past.

## Examples:

- I'd **eaten** dinner so I wasn't hungry.
- He **had met** her somewhere before.

## Past Perfect Tense

The form of the past perfect tense is **had+ past participle** of the verb.

### Example:

When we reached the school, the bell had already rung.  
(The ringing of the bell happened first.)
