Vocabulary

Holistic: dealing with or treating the whole of something or someone and not just a part.

Cupping: a therapy in which heated glass cups are applied to the skin along the meridians of the body, creating suction and believed to stimulate the flow of energy.

Chi: (in traditional Chinese medicine and philosophy) the vital life force that flows through the body and is supposedly regulated by acupuncture.

Array: a large group of things or people, especially one that is attractive or causes admiration or has been positioned in a particular way.
