ALBERT LEARNING

What is Preposition of place?

- A preposition of place is a preposition which is used to refer to a place where something or someone is located.

- There are only three main prepositions of place, **IN, ON** and **AT.** They can be used to discuss an almost endless number of places. We are going to learn some more prepositions of place in this presentation.

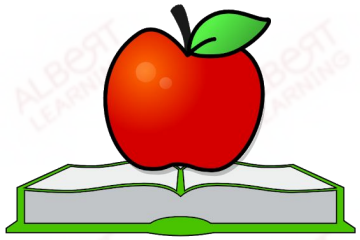

- Prepositions of place allow you to be very specific when talking about where actions take place in stories or when discussing important details for communication purposes.
