Vocabulary

Backstage: working in or connected with the parts of a theatre where the actors and artists get ready and wait to perform.

Cast: the actors in a film, play, or show.

Plot: the series of events that form the story of a novel, play, film/movie, etc.

Amphitheatre: a round, outdoor space with raised steps around a stage.

Intermission: a short period of time between the parts of a play, film/movie, etc. (For example: Coffee was served during the intermission.*)*
