

What is global warming?

Global Warming

A1 – A2

Module 9

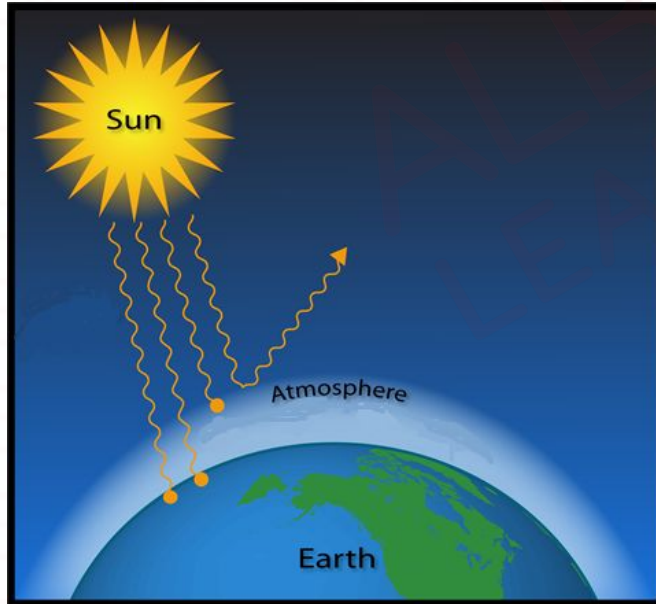

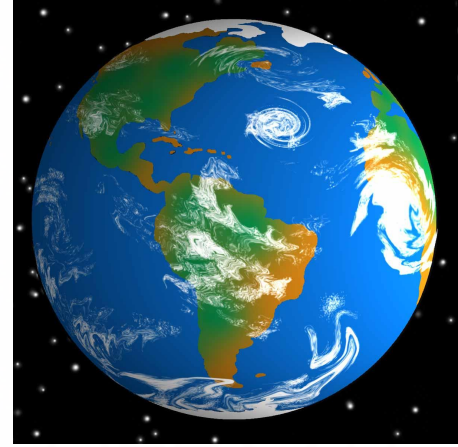

Here's What We
Will Be Learning
in this
Presentation:

Summary

- ❑ Let us learn about the meaning of global warming.
- ❑ Exercises.

The Earth is covered with a large blanket of gases (that we cannot see) called the **atmosphere**.

When the sun's heat comes close to the atmosphere, it **passes through the atmosphere** to the Earth.
