

Architecture Of India

VOCABULARY

Intertwined: twisted together or closely connected so as to be difficult to separate.

Renown: (renowned-adj) the state of being famous.

Utilitarian: designed to be useful rather than decorative.

Excavate: to remove earth that is covering very old objects buried in the ground in order to discover things about the past.

Monk: a member of a group of religious men who do not marry and usually live together in a monastery.

Temple: a building used for the worship of a god or gods in some religions.

Introduction

Indian architecture is **intertwined** with its culture, its history as well as its socio-economic and geographical conditions.

Architecture in India has gradually evolved, reflecting the different time periods—from the Indus Valley civilisation to the more contemporary modern designs.
