## Vocabulary

**Melting**: to become or make something become liquid as a result of heating.

**Tin**: tin is a soft silver-white metal that is often mixed with other metals or used to cover them to prevent them from rusting.

**Prehistory**: the period of time in history before information was written down.

**Renaissance Period**: the period in Europe when people became interested in the ideas and culture of ancient Greece and Rome and used these influences in their own art, literature, etc.

**Plagues**: a rare but serious infection that could kill.

**Enlightenment**: knowledge about and understanding of something.

**Hand Tools**: tools held in the hand and operated without electricity or other power.
