

# Extinct Animals - Plants - Places

# Vocabulary

**Antler** - each of the branched horns on the head of an adult deer (typically a male one), which are made of bone and are grown and cast annually.

**Feline** - a cat or other member of the cat family.

**Poaching** - illegal hunting or catching (game or fish) on land that is not one's own or in contravention of official protection.

**Pitcher plant** - a plant with a deep pitcher-shaped pouch that contains fluid into which insects are attracted and trapped. The plant then absorbs nutrients from their bodies.

**Coniferous** - (of a plant) bearing cones and needle-like or scale-like leaves that are typically evergreen.

**Span** - an arch or part of a bridge between piers or supports.

**Quarry** - a place, typically a large, deep pit, from which stone or other materials are or have been extracted.
