Vocabulary

Sweatshop: a factory or workshop, especially in the clothing industry, where manual workers are employed at very low wages for long hours and under poor conditions.

Endemic: (of a disease or condition) regularly found among particular people or in a certain area.

*For eg: Complacency is **endemic** in the industry today.*

Feel the pinch: to have problems with money because you are earning less than before.

Evading: to avoid or escape from someone or something.
