

Friends

Introduction

A friend is a person with whom we have fun with and one we trust/depend a lot.

The best friend could be the first person we call to share the good news and celebrate or take the suggestions. Sometimes best friends are siblings, cousins, spouses etc.

Friends do this!

Reliable (able to be trusted)

- ★ They are ever to be trusted and keep your secret, a secret!

Faithful (true to one's word)

- ★ Friends stay with you when you are happy or sad
