

Mock Interviews

Here's What
We Will Be
Learning:

SUMMARY

- ❑ Combination of exercises centred around job interviews

Mock Interview

Mock interview refers to a training practice which utilizes simulation of an actual job interview in order to prepare the candidate for the real thing.

This practice is operated by a professional person in a particular form of the profession who performs an interview with the candidate for the purpose of providing experience. He/she then provides feedback and points to things the candidate should work on.

In this presentation, we will be practicing various exercises to see how well you can give the answers in an interview.
