# Introduction

Are you ready to ace your upcoming job interview? It's important to be prepared to respond effectively to the questions that employers typically ask in an interview.

You don't need to memorize all of your answers, but do think about what you're going to say so you're not put on the spot during the job interview. Your responses will be stronger if you prepare in advance, know what to expect during the interview, and have a sense of what you want to focus on during your interview.
