Here's What We Will Be Learning in this Presentation:

Summary

- What Are Similes and Metaphors?
- How Would You Differentiate Between a Simile and a Metaphor?
- Exercises.

© Albert-Learning

People use '**similes**' and '**metaphors**' usually to express opinion or emotion, e.g. when speaking romantically, if your sweetheart says, your eyes are like stars… It does not mean your eyes are shaped like stars. Let's look at explanations and examples:
